Someone is inviting a discord server full of young girls to the site. I dont know why, but I do know it absolutely wont end well.

I know some people here find it absolutely hilarious, but don't think that this wont raise eyebrows, draw really negative attention to the site, or even get it shut down.

By the way, FBI, if you are reading this in the future after this site gets seized for being a child porn hub, I do not endorse this thread or any of the others. I am just a spectator.
